1 Summary of Material Accounting Policies

(e) Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument. On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss - FVTPL

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

Financial assets at amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding.

The Company's financial assets measured at amortised cost comprise term deposits, trade and other receivables and cash and cash equivalents in the statement of financial position. Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Financial assets at fair value through profit or loss (FVTPL)

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at FVTPL. Net gains or losses, including any interest or dividend income are recognised in profit or loss.

(e) Financial instruments

Financial assets

Impairment of financial assets

Impairment of financial assets is recognised on an expected credit loss (ECL) basis for the following assets:

- financial assets measured at amortised cost

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Company has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Company renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Other financial assets measured at amortised cost

Impairment of other financial assets measured at amortised cost are determined using the expected credit loss model in AASB 9. On initial recognition of the asset, an estimate of the expected credit losses for the next 12 months is recognised. Where the asset has experienced a significant increase in credit risk, the lifetime losses are estimated and recognised.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs. Subsequently, financial liabilities are measured at amortised cost using the effective interest rate method. The financial liabilities of the Company comprise trade payables and debentures.

(f) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

ACC Directorate Limited offers an unsecured debenture product known as ACC ACCumulator. ACC ACCumulator is a Religious Charitable Development Fund that is exempt from the regulatory requirements of the Banking Act 1959 at the date of this report under the Banking Exemption No.1 of 2017. This exemption applies to approved funds that have been established to borrow and use money for charitable purposes.

7 Financial Risk Management

The Company's financial instruments consist mainly of deposits with banks, mortgaged investment loans, accounts receivable and payable, and unsecured debentures. The totals for each category of financial instruments, measured in accordance with AASB 9 as detailed in the accounting policies to these financial statements, are as follows:

	2023 \$	2022 \$

The Company holds on its balance sheet the assets and liabilities in relation to its ACC ACCumulator investment product. ACCumulator investors are, in a legal sense, unsecured debenture holders, and are represented on the balance sheet as liabilities. Investors invest "at call" (with a minimum notice period of 31 days) or in term investments with maturities generally less than 12 months.

The company has applied these funds to invest in cash and fixed interest investments of varying maturities and loans to various entities. The directors believe that based on the level of liquidity at year-end, and past history of investor redemption requests, the Company has sufficient liquid assets to adequately meet future expected redemption requests.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
